### Peterson Will Box Before Leaving

The news that George Peterson has decided to stay in Honolulu till he has another go with Sullivan under the clean-break rule, is the best bit of information the local fight fans have had for many a day.

It is one of the best moves Peterson has ever made, and will firmly establish him in the good graces of the Honolulu sporting public.

Peterson was much criticized for his talk about the fouling incident, but that is all past now, and the middleweight may feel assured that everyone admires his determination to stay over and fight Sullivan. And a real good go it will be, too, and worth going miles to see.

The fight is fixed for the 13th of March and should prove conclusively who is the better man. Another thing certain is that the fight will be devoid of hugging and threeseom clinches. That in itself should make the scrap most attractive.

Peterson is working out at the Orpheum, and already is in good condition. He will need very little hard work from this on to put him in perfect trim for the fight of his life. Peterson will have to make good this time, and will do or die in the attempt.

It should be a wonderfully good, dashing fight from the tap of the gong.

Sullivan knows that this next scrap will not be like the other one a couple of weeks ago, and he will change his tactics accordingly. With that beautiful straight left of his he probably will do much execution, whilst waiting for an opportunity to administer the coup de grace with his trusty right.

This all sounds well, but what will Peterson be doing whilst Richard is endeavoring to pass the knockout drops?

You can bet two-bits that George will let Dick know that there are three live men in the ring, and one of them named Peterson at that.

Should Peterson manage to land that lethal right of his on Honolulu's idol—well, the pedestal will be shaken, to say the least of it. George certainly has a right that lands like a mule kick, but Sullivan probably knows the antidote for the sleep-producing draught.

Sullivan is training at his old quarters at Fort Shafter, and has plenty of sparring partners to help him along. Frankie Smith is also working at the camp and he and Sullivan have some lively bouts. It is well worth a trip out there to see the boys at work.

It is too early yet to sum up and try to pick the winner of the Sullivan-Peterson match; in fact, from present appearances it seems very hard to say who will have the best of it under the break-clean rule. However, more anon.

### Mat Artists To Take Hold Again

Sailor Roberts has at last arranged a match on the mat. A big Swede named Jurnell, who arrived here lately, has challenged the sailor, and a bout will come off next month at the Orpheum.

Roberts is a good man on the mat, and the newcomer will have to be fairly good to get a fall out of the sailor.

### Motor Cycles Compete Today

There will be motorcycle races this afternoon at Kapiolani Park. The main event will be a match between Herrick on an Indian and S. R. Berger on a Reading Standard. The distance is to be five miles and an exciting race should eventuate.

The race will start at 3 o'clock sharp. In addition to the five-mile race there will be various other open events, and attempts will be made to lower all existing Hawaiian records.

### Japanese Club Wins Against C.L.C.

The Japanese Athletic Club defeated the C. A. C. by a score of 11 to 9. Aala Park was crowded long before the game started and great interest was shown in the struggle.

There was no scoring done in the early part of the match. In the third inning the C. A. C.'s piled up three runs and in the fourth repeated the dose with the addition of one.

In the fifth the Japanese woke up and made no less than five runs. This simply made the Nipponese frantic and the rooting was tremendous. An all-Japanese team has never defeated an all-Chinese baseball club, and the crowd looked on with suspended eyes.

Again the Japanese made one in the sixth, and to cap it all scored five in the seventh. This made the J. A. C.'s total 11, and although the C. A. C.'s made two more in both the seventh and eighth, that was their final effort.

The new score board was a great improvement over the old style, and is placed where it can easily be attended to. The official score of the game was:

	C. A. C.	ABRHHSP	O A E
Aiona, p. f.	5	2	1 0 1 2 0
Sing Chong, ss.	1	2	2 0 0 1 2

Runs	0	0 0 0 5 1 5 0 8 11
B. H.	0	1 0 1 0 4 1 1 0 8

Two-base hits, Sing Chong, Asam 3, Leong, Sakino, Junichi; bases on balls, off Aiona 1, Apau 5, Yamashiro 1; struck out, by Aiona 2, Apau 3, Yamashiro 2; passed balls, Hideo 2; sacrifice hits, Sing Chong, Chi Bui, Asam, Ako, Yamashiro. Time of game, 1 hour 45 minutes; umpire, E. Fernandez; scorer, W. Tin Chong.

### SPOTS BY THE SPORTING EDITOR

The second eleven soccer match between the Aliolani A and Punahou teams did not come off on Friday. It will be played next Tuesday afternoon.

Ollie Shipman of Shipman's ranch, Hawaii, put up a good one on Beamer, the Hilo motorcycle man, lately.

Beamer overtook Shipman on the Volcano road and offered to bet drinks he and his machine would beat the horseman to Glenwood. Ollie took up the bet, and as far as Nine Miles the two kept together. Beamer, confident of winning easily, dropped into the plantation store for a few minutes.

The Hilo train, arriving at Nine Miles, at 3 p. m., was just about due. There was an empty box-car in the train.

Whilst Beamer was talking cycles to the store men, Ollie prevailed on the train crew to allow him to ride his horse into the empty box car. It was a tight fit, as the horn of the saddle just cleared the door plate. Ollie, however, did one of his cowboy stunts, and boarded the limited.

Beamer in the meantime had started up the road to overtake Ollie, as he thought. Not seeing him in the first few miles, and not being able to get any tidings of Shipman along the road, Beamer decided that he must be ahead of the horseman, and took things easily.

Beamer was a surprised and disgusted man when Ollie saluted him at Glenwood. Beamer could not believe Shipman had come in the boxcar with his horse.

Many years ago when John L. Sullivan visited Australia, he showed in all the large cities, and most of the small towns. He got a great reception wherever he appeared, and was always willing to put the gloves on with any aspiring pug.

At one small town called Come-by-Chance, the audience was composed of small farmers and bush-workers. The "town" itself only had half a dozen

### Gives Away 100 Pounds And Flops

The fact that Charlie Lambert, the famous heavyweight walker, happened to tap a friend on the "point" during a friendly spar with the gloves, has been magnified into an astonishing event.

It appears that Charlie and a friend had an agreement with reference to their walking capabilities and after a while decided to put on the mitts and have a spar.

In the vicinity of 240 pounds—his friend tips the beam at about 100 pounds less. They shaped up for the first round, the 140-pounder adopting the crouch, Lambert standing a model of grace and beauty, a la Sullivan. The 140 led for the wind, and at once bounced back at least ten feet from the force of impact against the pneumatic cushion. Charlie bored in and, forgetting the 240 pounds behind his fist, tapped—yes, Great Snakes!

"Tapped" 140 pounds on the jaw! The smaller man stretched out peacefully at once. A tired little sigh escaped him, and a pleasant smile flitted across his childish face. Of all the bunch present "140" was the happiest.

No thought of cops, patrol wagons, or even larger disturbed him. Everyone else was alarmed, smelling salts and other well-known nose-tickers were called into requisition, and soon "140" sat up and began to take notice. His first remark relieved the bunch much.

By: "What was the number of that auto that hit me? I'll have 'em arrested sure." On being assured that it was only a "tap" from Charlie, "140" gasped: "Stick to the beer-tap all the time, Charlie! I'm full up of the other kind." The two friends at once departed to where steam flourishes all the time, and the knock-out does not bloom.

### Punahou Beats Shafter At Bowls

At the Hotel alleys the Punahou bowlers defeated the Fort Shafter boys by a majority of 328, the final totals being 2262 to 1934. Simms of the Fort again bowled well, but could not swing the victory towards his team, although the soldiers put up a good fight, all things considered.

There will be a game tonight between the Shafter's and Honolulu. This match should be a close one, each team feeling confident of being able to put it all over the other.

The official score was:

	Punahou:	1 2 3
Gear	179	186 153
Kinsley	337	146 122
Schmidt	183	138 170
Winne	180	144 131
Young	126	144 143
Total—2262.	805	758 699

	Fort Shafter:	1 2 3
Simons	121	158 171
Johns	124	102 117
Henson	108	133 141
Nivison	135	138 115
Peterson	142	138 90
Total—1934.	620	670 631

### Atkinson Ball League At Work

The games at Atkinson Park yesterday were well attended, and the first, between the Ala Moana and the Kewalo, was a very close one, the latter team winning by a score of three to two.

In the second game the Marines defeated the Lanikais, 8 to 2. Hines, a new pitcher, did good work and for seven innings held the Lanikais down to no runs and no hits. It was in the two last innings that he allowed the losers to score.

The Ala Moanas are the tailenders in the Atkinson League and did very well to hold the Kewalo down to such a close finish.

houses, and was situated on the fernage of the Never Never lands. The hall was crowded, and after a few minor stunts by some local amateurs, Jno. L's manager made a speech. Holding up a silver cup he said, "I have been all over the world with Mr. Sullivan, on the prairies of America, in the backwoods of Canada, in the plains of India, in the cities of Europe, but Mr. Sullivan has always said to me, 'Jimmy I will never be perfectly happy till I have showed at Come-by-Chance.' Then the bushes went frantic with joy, and for years afterwards spoke of John L's aloha for the little sun-burnt galvanized iron town-ship.

## Personal Magnetism.

An Institution, Chartered Under State Laws, With a Capital of \$50,000.00, for the Purpose of Teaching Personal Magnetism and Hypnotism by Correspondence.

EVERYBODY MAY NOW LEARN.

Ten Thousand Copies of a Valuable Work on These Sciences to be Given Away to Advertise the Institution.

The New York Institute of Science, of Rochester, N. Y., is a novel institution. It has been chartered under the State laws, with a capital of \$50,000, for the purpose of teaching personal magnetism, hypnotism, magnetic healing, etc., by correspondence.

At an expense of over \$5,000 the institution has issued a remarkable work on these sciences, ten thousand copies of which will be given away absolutely free. The book is elegantly illustrated with the most expensive engravings, and it is decidedly the finest and most comprehensive work of this kind ever published. It is from the pen of Dr. K. LaMotte Sage, A. M., Ph. D., LL. D., a hypnotic specialist of worldwide fame. It thoroughly explains all the hidden secrets of personal magnetism, hypnotism, magnetic healing, etc. It is full of surprising experiences, and makes many startling disclosures in regard to the use and possibilities of this secret power.

The Institute absolutely guarantees that anyone can learn these sciences in a few days at home, and use the power without the knowledge of his most intimate friends.

Upon being asked for the names of some of the pupils of this remarkable school, several hundred were offered. From which eighty-four were selected. These eighty-four were written to, and the replies received were more than sufficient to convince the most skeptical in regard to the wonderful benefits to be derived from this mighty power. There were absolutely no failures. All had learned to make practical use of the sciences. The following extracts are taken at random from the letters for the benefit of readers:

"The reading of your Elementary Course on Hypnotism, Personal Magnetism, etc., which you sent me with other instructions, have given me, through the practice of auto suggestions as described in your pages, a victory more valuable than would be the cost of one thousand courses. This victory consists in having freed myself of the pernicious vice of smoking cigarettes, which has plagued me for more than twenty-five years; the possibility of curing myself is entirely due to your inestimable course. Since then, I may justly say, my mental and physical strength have been improving."—Adolfo Fernandez Suarez, teacher public schools, Guanillas, Santa Clara, Cuba.

"I am always pleased whenever I can send you any information concerning my progress, and I do so because it is the only manner by which I can show you my gratefulness for having provided me with your book, which is, no to speak, the master key to the study of occult sciences."—Bernardo Martinez Lopez, calle de la Estrella No. 6, Santo Domingo, Dominican Republic.

"I do not know any other Course than yours, but I am convinced that it is the best, because it is concrete, clear and does not leave room for doubts. Whoever follows the instructions therein given cannot fail to succeed. Beside, the reputation of the Institute is above criticism."—Yours truly, Louis Carrasco, Glorieta de Bilbao 4, Madrid, Spain.

The first ten thousand persons who write to the New York Institute of Science will receive, absolutely free, the marvelous book that brought success to the above persons. It is intensely interesting from start to finish. It should be in every home. If you want a copy, write to-day to the New York Institute of Science, Dept. 204D, Rochester, N. Y., U. S. A., and you will receive the book by return mail, absolutely free.

"The reading of your Elementary Course on Hypnotism, Personal Magnetism, etc., which you sent me with other instructions, have given me,
